

Members in the News

Award was **Dr. Alan W. Cramb**, dean, School of Engineering, Rensselaer Polytechnic Institute, Troy, N.Y. (see *ASM News*, April 2007, p. 67)

CalTech's Bill Johnson elected to NAS

On May 1, the National Academy of Sciences (NAS), Washington, D.C., elected 72 new members and 18 foreign associates from 12 countries in recognition of their distinguished and continuing achievements in original research. Among those honored was **William L. Johnson, FASM**, Ruben and Donna Mettler Professor of Materials Science, Engineering & Applied Science, California Institute of Technology, Pasadena.

NAS (www.nasonline.org) is a private organization of scientists and engineers dedicated to the furtherance of science and its use for the general welfare.

NACE Distinguished Service Award to Sergei Shipilov

Dr. Sergei A. Shipilov, a consultant with Metallurgical Consulting Services, Calgary, Alberta; an adjunct professor in the Department of Mechanical & Industrial Engineering at Ryerson University, Toronto, Ontario; and vice chairman

of the ASM Canada Council, has been honored with the 2007 Distinguished Service Award from NACE International, Houston, Texas, "for his leadership roles within NACE, chairing the TEG 186X Committee on Environmentally Assisted Cracking, and serving on the Research Committee and Northern Area Board."

Dr. Shipilov is also a past chairman of the ASM Calgary Chapter and has served on ASM's Action in Education and Nominating Committees. In 2004, he initiated a partnership between ASM and NACE in organizing joint ASM/NACE Materials Camps, the first of which was held in Calgary in 2006. He inaugurated and currently chairs the Canadian Corrosion Education Council.

The award was presented March 14 at the NACE Annual Meeting in Nashville, Tenn.

Elected to a three-year term on the board of directors of the Forging Industry Assn. (FIA), Cleveland, Ohio, is **Robert R. Bolin**, president, Girard Engineering Inc., Strongsville, Ohio. Elected to a three-year term on the board of trustees of the Forging Industry Educational & Research Foundation (FIERF), Cleveland, Ohio, is **Terrance D. Brown**, director of sales and marketing – Americas, Bodycote Thermal Processing, Melrose Park, Ill.

Lifelong Learning from ASM

Register Now for ASM's Newest Courses in Ceramics

The ceramic industry requires specialized training in ceramic technology, but the opportunities for such training, outside of traditional 4-5 year college engineering programs, is very limited. These courses are proven highly valuable in providing basic ceramic technology training.

- | | |
|--|------------------|
| NEW! Fundamentals of Ceramic Technology | July 16 - 20 |
| NEW! Refractory Technology | August 27 - 31 |
| NEW! Industrial Ceramic Processing | October 1 - 5 |
| NEW! Electronic Ceramics | December 12 - 14 |

Instructor: Carl Frahme, Ph.D. – President, Frahme Consulting Services, Inc.
